## Women's Day Celebration & Speaker Meeting Induction of 3 Lady Members - Cosmopolitan Club - 8th March 2018

Rtn. Mythili Muralidharan, Chairman, Project INDICA, spoke on the role of Rotary and Women Empowerment.

The speaker for the evening was Rtn. Alope Mimami, who spoke on "Why Things Happen to Us" and "Yes We Can Change it".

Rtn. Alope started with a caveat, that usually his sessions are targeted at teens and youngsters and this was the first time he was doing it for an adult audience. There was a little skepticism in many of our minds, if the content would be too prescriptive or preachy. However what unfolded in the next hour was truly an eye opener and touched each one of us very deeply.

The questionnaire that was thrown open to us had some very interesting and thought provoking questions like how we want to be remembered after death and, what we would regret most etc. The idea was for each of us to reassess if our priorities were right and balanced. The analogy of using the solar system to position important priorities as Mercury or Venus and lesser ones as Uranus or Pluto was a great way to visually assimilate the concepts being conveyed.

The need to deeply connect with emotions and the importance of quality over quantity of time spent on relationships or on priorities was a key takeaway for the entire group. It was an evening well spent and more importantly laid the foundation on how each of us would want to calibrate the rest of our lives.
