**'How to reverse Lifestyle Disorders with Ayurveda' - Rtn. Dr. Sivakumar -  
25.10.18 - Hotel Savera - 7.30 p.m.**

Today Lifestyle disorders (LDs) are root cause for many problems. It is a silent killer and it can be addressed by Ayurveda too, declared Dr. R. Sivakumar, medical and managing director at Chennai Heritage Hospital.

According to him, ayurveda is relevant in modern days and still provides best cure to LDs. It is not Patti vaidiyam (Granny's medicine) as made out to be,

Speaking on the subject 'How to reverse lifestyle disorders with Ayurveda' organised by the Rotary Club of Madras Chennai Patna, he said Ayur (Life) Veda (Knowledge) teaches you how to live life healthy and happily.

"If you are not following your diet and exercise properly, it would lead to LDs. LDs starts with digestive disorders. So, don't eat junk foods. LDs is a silent killer," he said. Dr. Sivakumar went on to narrate in detail that LDs started with obesity then it led to cholesterol, hypertension, diabetes, depression, stress, cardiac arrest and joint pain.

Unlike other diseases, LDs is not contagious, it is not gender based, or hereditary. It applies to all ages.

"Modern medicines provide relief only for 24 hours. So, find the root cause and not symptoms. About 50-60% of cases can be cured effortlessly through strict diet, exercise and altering lifestyle and rest through efficient management," he said.

Dr. Sivakumar also said that rice was not reason for becoming diabetic, but it was a substitute for diabetic. "But try to have control over it and instead go for wheat and ragi as was practiced by old timers..

His advice was to have less quantity of sugar, salt, oil, plastics, asafoetida, wheat and chicken. "Use rock salt. It will not reduce blood pressure nor increase it. Go for good quality check oil instead."

His final advice to audience was Ayurveda is scientifically validated. Go for it.
