'Life Skills for Stress Free Teaching' by Ms. Raji Swaminathan for the Teachers of Swami Dayanand Rotary Matriculation School , Kadalur

Thank you for the opportunity and the company this morning. I enjoyed the interactions with the teachers - 'Life Skills for Stress Free Teaching'. Here is a short gist of the key points covered

1. I got them to list out the different emotions they experience when they set out to work everyday vis a vis when they are doing something they love. Made them realise that they can do better when they love their

teaching job and are relaxed and de-stressed.

2. Made them realise that the stress is at physical and emotional levels; and I taught them everyday tips to overcome them. Little bit of deep breathing, stretches etc.

3. I highlighted the need for them to be de-stressed while teaching, as children look up to them as role models and learn from them.

4. I highlighted simple tips to enhance their teaching experience like encouraging kids to explore deeper into a subject by asking them questions instead of answering their questions.

Ended with a short 10 min meditation and Q & A.
